DOINGS OF DAY AND WEEK

Happenings the Wide World Over of Important Events Condensed to Good Reading.

DOMESTIC.

Snow, many days ahead of its average date of appearance, fell far south as the north sections of the Gulf States and throughout the entire country unseasonably cold weather prevails.

Rioting of a serious character occurred in New York Friday in connection with the strike of express company employees in the metropolitan district. No fatalities were reported, but men were knocked unconscious right and left in the assaults of mobs on express wagons, dozen of strike-breakers were badly beaten and many mob members were severely clubbed by the police in repelling the attacks. Scores were injured, several badly, in the most serious attack of the day on a party of strike-breakers on Wells-Fargo Express Company wagons in Jersey City.

One of the largest land deals that has been made in many years was closed at Floresville Friday when E. L. Whitsett, a prominent young banker and capitalist of Floresville, representing the Whitsett estate, sold to W. A. Blackwell Jr., of Cuero the Whitsett ranch in Atascosa and Live Oak counties. The ranch contains 10,000 acres, and the consideration was over \$100,000.

Presentation of evidence by shippers who are opposing the advance in freight rates was concluded in Chicago Saturday before the interstate commerce commission with the testimony of Governor W. R. Stubbs of Kansas, who in characteristic manner declared opposition to an increase in rates, and his belief, as a practical builder of railroads, that valuations have been placed at too high a point. "I'll put up a million dollar bond," said the governor, "that I can construct a main line railroad in Kansas and an up-to-date line for \$25,000 a mile and make 10 per cent profit."

W. J. McDonald, state revenue agent is again enjoined by a show. District Judge Cathoun Friday granted the prayer of the Buffalo Bill's Wild West and Pawnee Bill's Far East shows, restraining the state revenue agent from prosecuting or urging the prosecution of the shows in question relative to the collection of taxes, granting the prayer in the form of a temporary injunction. The injunction also restrains until further notice the state revenue agent from collecting or attempting to collect a state tax of more than \$10 or a county tax of more than \$5 for each performance of the shows in question.

The issue of \$1,357,700 state of Texas refunding bonds were Friday signed by Governor Campbell and State Treasurer Sparks, and will be registered by the controller. These bonds, or any part of them, are now ready for sale, but must bring at least par and accrued interest. They are dated on Sept. 1, 1910, bear 3 per cent interest, mature in forty years and are payable in twenty.

Coleman people are excited, nervous and anxious over the disappearance of Joe Toland, who left Coleman for his ranch on Tuesday morning last and whose horse and buggy was found without him Wednesday morning loose in a pasture of one of his farms in the southern part of the county. Toland has not been seen since. Sheriff Futch and deputies, with a large crowd of Coleman people, have scoured the localities and are still searching for him. The river is being dragged and a diligent and careful search is being made.

The reservoir of the waterworks system at Sanderson broke Friday and is a complete wreck. It was perched upon the top of a mountain and was built of stone. One whole side gave way, and an avalanche of stone was hurled down the mountain-side against the pump-house, which was completely demolished. The reservoir held 125,000 gallons of water.

The news that President Taft intends to appoint a negro lawyer, W. H. Lewis of Boston, as assistant attorney general, came as a surprise to Attorney General Wickham. The attorney general's friends say Mr. Wickham is protesting strongly against the appointment of Lewis, and that he is angry that the name of the department has been thus used in the event that the report was given out.

L. R. Paine of Duluth, Minn., acting captain of the Cornell football team, died at the Cornell Infirmary Thursday from supposed internal injuries received while playing football.

A complete irrigation census of Texas which will show all irrigation equipment and areas subject to and available for irrigation will be taken under the direction of W. L. Rockwell of the department of agriculture, assisted by O. F. Busby, census department. Mr. Busby, who was in charge of the manufacturing census of Texas, just completed, has arrived in San Antonio to assume his new duties with Mr. Rockwell.

Dismasted, waterlogged and with eighteen feet of water in her hold, the fur-masted schooner Holliswood, bearing Captain E. E. Walls, who stuck to the derelict, without food and water, after seven of his crew were rescued at sea, Oct. 17, by a New York-bound steamer, arrived in port at 2 p. m. Wednesday in tow of the steamship Parkwood, from Trinidad, which vessel picked up the brave and daring captain on Wednesday, the 19th, while near the Campeche Banks, about 550 miles from the port of Galveston. Such a thrilling story of bravery at sea as told by the weak and barefooted old captain as he leaned over the crumpled deck of his waterlogged craft has probably seldom been related since the days of Lief Ericson.

Alan R. Hawley and Augustus Post, the aeronauts of the balloon America II, for whom search had been prosecuted in the Canadian wilderness, are safe and have established a new world's record for sustained flight. They traveled approximately 1,350 miles and came to earth in Chicoutimi County, Quebec, on Wednesday last, but were not heard from until Wednesday, when telegrams sent from St. Ambrose, Quebec, reached New York. The balloonist started from St. Louis with nine other contestants in the international contest on Monday, Oct. 17. All the other balloons have been reported.

Immediately upon the flashing of the United States government census bureau report Tuesday that 5,110,960 bales of cotton had been ginned up to Oct. 18, the price of cotton at New Orleans jumped \$2.40 a bale as a result. The statement is bullish. It is 90,000 bales under current expectations. On a basis of the ginnings to October 18, 1908, it indicates a crop of 12,940,000 bales. On a basis of the ginnings to Oct. 18, 1907, it indicates a crop of 12,553,000 bales. Both totals fall far short of the world's actual requirements.

The American altitude record that J. Armstrong Drexel so proudly brought down out of the clouds at New York Monday in his Bierliet monoplane was snatched from his grasp Tuesday by Ralph Johnstone in a headless Wright climber. Drexel reached 7,105 feet, but Johnstone topped him by 198 feet, with a new mark of 7,303 feet. He came down chilled to the bone and his goggles rimmed with frost. For half an hour he had battled with a snowstorm above the clouds, seeking still higher levels.

FOREIGN.

One thousand persons were drowned at Chenkiang, China, early this month, following a rise of the Han River. Large areas in the Chenkiang and Menyung districts were submerged.

Foreign Minister Enrique C. Creel said Saturday that Mexico had not so far decided to recognize the republic of Portugal. Discussing the probability of such a course all he would say was that "we have instructed our charge d'affaires in Lisbon to act for us, without recognizing the republic, just as other civilized nations have done."

Maurice Tabuteau broke the world's aviation records for time and distance Friday by flying 235 miles in six hours in a continuous trip in France. Tabuteau's remarkable feat was accomplished while he was trying for the Michelin cup, which is awarded annually to the aviator making the longest sustained flight within the year. A premium of \$4,000 goes to the winner.

Extraordinary precautions were taken Friday to protect Emperor William and Empress Augusta Victoria when they left Brussels for Berlin. It was explained when the police announced that a letter threatening his majesty had been received at the royal palace. The letter was signed by a militant Brussels anarchist, and read: "Since no one has had the courage to blow up the German autocrat, I have decided to throw a bomb."

For the first time since cholera became prevalent no new cases and no deaths from the disease were reported during the last twenty-four hours in the province of Naples. In the other infected district, however, there were eight cases and four deaths.

The separation of church and state was announced in a decree issued by the provisional government at Lisbon Saturday. Another decree published declares for the freedom of the press.

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." — Mrs. Emma Lutz, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

Don't Persecute your Bowels

Get out colic and gas. They are bad — bad — unnecessary. Try CARTER'S LITTLE LIVER PILLS. Purely vegetable. Ad gently on the liver, eliminate bile, and soothe the delicate membrane of the bowels. Cure Constipation, Biliousness, Sick Headache and Indigestion, no matter how.

Small Pill, Small Dose, Small Price. Genuine must bear Signature *Wm. Wood*

CURES SWINNEY.

Mr. R. S. Shelton, of Hill, N.C., writes: "I used Mexican Mustang Liniment on a very valuable horse for swinney and it cured it. I always keep it in my stable and think it the best liniment for rubs and galls."

Mexican Mustang Liniment is made of the best of oils and penetrates straight thru flesh and muscle to the bone. Contains no alcohol and cannot sting or torture the flesh. Buy a bottle to-day and be ready for any emergency.

25c, 50c, \$1 a bottle at Drug & Gen'l Stores.

IF YOU HAVE

no appetite, indigestion, flatulence, Sick Headache, "all run down" or losing flesh, you will find

Tutt's Pills

Just what you need. They tone up the weak stomach and build up the flagging energies.
